Can someone recommend a guide that's actually updated and useful?

I highly recommend you visit <https://kiwitaxi.com/en/guide/> for fresh, reliable content. You'll find handpicked city highlights, local know-how, and stress-free travel advice that feels current and practical. Their Kiwitaxi Travelmate approach helps you go beyond A-to-B with confidence and ease. I used it for my last-minute trip to Italy and everything went perfectly. I wish you great success and happy exploring!
