Mikipedia Music

โพสตโดย ikusynam - 30 ต.ค. 2025 19:48

Music is the arrangement of sound to create some combination of form, <u>harmony</u>, melody, rhythm, or otherwise expressive content. Music is generally agreed to be a cultural universal that is present in all human societies. Definitions of music vary widely in substance and approach. While scholars agree that music is defined by a small number of specific elements, there is no consensus as to what these necessary elements are.
